

Info on the CARES Act and eviction relief

The CARES Act protects those living in various forms of public housing by providing a **temporary moratorium on evictions**, as well as late fees, for nonpayment of rent until July 25, 2020. Landlords are **not allowed to issue a notice to vacate** until after the temporary moratorium period.

This moratorium also applies to renters in single or multifamily **properties whose landlords have federally backed loans**, including FHA, VA, USDA, Fannie Mae and Freddie Mac.

Search to see if your building is included in the moratorium:
